**REVISION: IT STORAGE INJECTION
NOTICE OF POTENTIAL CURTAILMENTS FOR SEPTEMBER 2021**

Due to changes in system operations limitations, beginning Gas Day 29, Timely Cycle, DTE Gas is modifying the restriction on interruptible storage injections and interruptible balancing. Injections will be scheduled to available capacity and still may be subject to some reductions.

DTE requests that customers and gas suppliers proactively watch for updated operational notices on DTE's eNominator system, Gas Noms Webpage and direct emails during this critical period.

Please contact your gas account manager with any questions. For scheduling questions, please contact Gas Nominations at 1-833-383-6667.
