CUSTOMER CONNECTIONS

FEBRUARY 2016

DTE supplies cleaner power for Michigan's Energy Future

DTE is building two new solar projects in the city of Lapeer with a total generating capacity of 45 megawatts

(MW). The larger, a 30 MW project, will be the third largest utility-owned solar array in the country when completed. By the end of 2016, we'll have enough new solar generating capacity - 60 MW - to power more than 11,000 homes! dteenergy.com/renew

Enroll in eBill Paperless Billing for a chance to win Red Wings tickets

Easily manage your monthly bills by enrolling in eBill Paperless Billing, and from Feb. 1 - 17, be entered for a chance to see the Red Wings! Enroll at dteenergy.com/ebill.

Our variety of energy efficiency programs makes it easy to save!

- We'll perform a FREE in-home energy consultation and install free energy-savings products. Call **866.796.0512** to schedule.
- Take control of energy waste -- download the FREE DTE Insight app. It connects your smartphone to the advanced electric meter to show your energy usage patterns and more! dteenergy.com/dteinsight.
- Get peace of mind AND \$50 in savings. Schedule a Furnace and Boiler Tune-up with Combustion Analysis. See if you're eligible, dteenergy.com/hvac.
- Schedule a Comprehensive Energy Assessment for up to \$2,650 in rebates. Take a whole-house approach to making your home comfortable. dteenergy.com/homeperformance.
- Learn more at dteenergy.com/saveenergy or call **866.796.0512**.

Save on your energy bill as the temperatures drop

Simple heating tips to save energy:

- Keep your thermostat as low as comfortably possible. Set it at 68 degrees or lower - the recommended setting for winter.
- Make sure that rugs, drapes or furniture are not blocking air flow to heating registers or baseboard heaters.

Gas Account Lock-In Feature

DTE customers now have the ability to Lock-In your natural gas account to prevent unwanted switching to a different gas supplier. Learn how to activate the Lock-In feature on your account.

dteenergy.com/gaslockin

DTE Energy natural gas customers can expect their overall winter heating bills to drop as a result of lower natural gas costs and warmer temperatures. Average bills are expected to be nearly \$200 lower than last heating season.
