

**Jodi L. Frisicaro**

Vice President, General Auditor
DTE Energy

Jodi L. Frisicaro is vice president and general auditor for DTE Energy. Frisicaro is responsible for the audit of financial and operational controls, contract, IT audits and independent testing of controls related to the company's compliance with the Sarbanes-Oxley Act. Frisicaro is also responsible for leading the company's enterprise risk management group.

Prior to this role, Frisicaro was assistant general auditor for DTE Energy. Prior to that role, she was director in Regulatory Affairs responsible for regulatory policy development, case strategy and litigation, and relationships with the Michigan Public Service Commission to achieve the company's financial goals and to fulfill the company's regulatory obligations. Frisicaro joined DTE in 2008 as a financial audit manager, moving into the Controller's organization in 2012 and progressing in financial leadership roles in both the Electric and Gas Utilities, as well as LLC roles.

Prior to joining DTE, Frisicaro worked as an auditor at Arthur Andersen and an audit manager at PricewaterhouseCoopers. She was also an internal audit manager and finance director at Pulte Homes.

Frisicaro earned an undergraduate degree in accounting from Baldwin Wallace College in Cleveland, Ohio, and an Executive Master of Business Administration from the Ross School of Business at the University of Michigan. She is a certified public accountant in the state of Ohio.

DTE Energy (NYSE: [DTE](#)) is a Detroit-based diversified energy company involved in the development and management of energy-related businesses and services nationwide. Its operating units include an electric company serving 2.2 million customers in Southeast Michigan and a natural gas company serving 1.3 million customers in Michigan. The DTE portfolio includes energy businesses focused on power and industrial projects, renewable natural gas, and energy marketing and trading. As an environmental leader, DTE utility operations will reduce carbon dioxide and methane emissions by more than 80% by 2040 to produce cleaner energy while keeping it safe, reliable and affordable. DTE Electric and Gas aspire to achieve net zero carbon and greenhouse gas emissions by 2050. DTE is committed to serving with its energy through volunteerism, education and employment initiatives, philanthropy and economic progress. Information about DTE is available at dteenergy.com, empoweringmichigan.com, twitter.com/dte_energy and facebook.com/dteenergy.
