

March 9, 2022

NOTICE OF PLANNED SYSTEM MAINTENANCE

03/09/2022:

Due to pipeline maintenance beginning March 24, 2022, volumes moving through the Willow segment north of the following receipt locations will be constrained:

- ANR-WILLOW RUN (MAP #9038/#9037)
- PEPL-MCON (MAP #9028/#9303)
- NEXUS-YPSILANTI (MAP #9219/#9221)

In addition, deliveries to the following points may also be constrained:

- ANR-WOOLFOLK (MAP #9039/#9439)
- DTE GAS COMPANY STORAGE INJ (MAP #9036)
- IBS INJ (MAP #9501)

Actual capacity will vary depending upon pipeline operations, weather, and market conditions. Maintenance is currently estimated to require 3 weeks, with normal operations expected to be restored April 14, 2022. If nominated volumes exceed system capability during this time, cuts will be implemented per Section 3.2 of the DTE Gas Rate Book.

GCC suppliers are encouraged to use their primary receipt points to avoid possible curtailments.

PLEASE NOTE: This is not a request for EUTs to reduce usage.

DTE requests that customers and gas suppliers proactively watch for updated operational notices on DTE's eNominator system, Gas Noms Webpage and direct emails during this critical period.

Please contact your gas account manager with any questions. For scheduling questions, please contact Gas Nominations at 1-833-383-6667.
